

REMARKS/ARGUMENTS

The specification has been amended to correct a minor inconsistency. Thus, a brief description of Figure 1F has been included in the specification. Accordingly, the drawing inconsistency has been removed. Claims 3-4, 38, 53-56, 58, 64-68 and 70-71 have been amended to further sharpen the claim language. No new matter has been added. Applicants respectfully request that the above amendments are entered without withdrawing the case from issue. A favorable decision is solicited.

Respectfully submitted,

Xavier Pillai, Reg. No. 39,799
